

MUSEUM SPECIMEN DETAILS

A CENTRAL&PERIPHERAL NERVOUS SYSTEM

- A01 Cerebellar Abscess
- A02 Pontine Haemorrhage
- A03 Traumatic injury to brain
- A04 Subdural Abscess
- A05 Medulloblastoma
- A06 Brain abscess
- A07 Colloid cyst
- A08 Pyogenic Meningitis
- A09 Tuberculous Meningitis
- A10 Trauma
- A11 Dilated Ventricle
- A12 Brain Abscess and fungal infection
- A13 Neurofibroma
- A14 Medulloblastoma
- A15 Retinoblastoma
- A16 Retinoblastoma

B CARDIOVASCULAR SYSTEM

- B01 Brown atrophy
- B02 Mitral stenosis
- B03 Myocardial Infarction (recent)
- B04 Secondary Deposit of pericardium
- B05 Stages of infarction
- B06 Myocardial infarction with pericarditis and mural thrombus
- B07 Mitral stenosis and incompetence
- B08 Hypertension with cardiac hypertrophy and atheroma
- B09 Right Ventricular hypertrophy
- B10 Myocardial hypertrophy dilatation
- B11 Myocardial hypertrophy
- B12 Mitral stenosis
- B14 Chronic pericarditis (Rheumatic)
- B15 Sub acute bacterial endocarditis

C LUNGS RESPIRATORY SYSTEM

- C01 Brown induration
- C02 Pulmonary embolism
- C03 Carcinoma of bronchus
- C04 TB lung
- C05 Miliary TB
- C06 Adult TB
- C07 Tumour- pleura
- C08 Secondary deposits and pulmonary T.B

- C09 Broncho pneumonia
- C10 Infarct of lung
- C11 Carcinoma of larynx
- C12 Carcinoma of bronchus with secondaries
- C13 Secondary deposit in lung-primary penis
- C14 Miliary TB with confluent lesions
- C15 Carcinoma of the vocal cord
- C16 Secondary deposits
- C17 Carcinoma of larynx

D OESOPHAGUS

- D01 Carcinoma of oesophagus
- D02 Carcinoma of oesophagus
- D03 Carcinoma of oesophagus
- D04 Fibroma of the oesophagus
- D05 Fibromyoma of the oesophagus

E STOMACH

- E01 Benign ulcer
- E02 Malignant ulcer
- E03 Bleeding gastric ulcer
- E04 Gastric ulcer
- E05 Benign gastric ulcer
- E08 Carcinomatous ulcer
- E09 Carcinoma of stomach

F INTESTINE

- F01 Acute appendicitis
- F02 Hernia
- F03 Multiple polyposis
- F05 Ca rectum with rectovaginal fistula
- F06 Amoebic colitis
- F07 Meckel's diverticulum
- F08 Appendix of stone
- F09 Ca caecum
- F10 Multiple lipomata-small intestine
- F11 Gangrene of small intestine and Meckel's diverticulum
- F12 Ca large intestine
- F13 Small intestine-traumatic avulsion
- F14 Acquired mega colon
- F15 Carcinoma of the large intestine
- F16 Congenital Mega colon
- F17 Intussusception with gangrene
- F18 Irreducible hernia
- F19 Stenosis of jejunum following resection for intussusception
- F20 Mesenteric cyst
- F21 Intussusception

- F22 Leiomyoma of small intestine
- F23 Duplication of bowel
- F24 Crohn's disease
- F25 Nonspecific regional ileitis
- F26 Crohn's disease
- F27 Hirschsprung's disease
- F28 Jejunal diverticulosis
- F29 Hypertrophic ileocaecal tuberculosis
- F30 Rectal carcinoma
- F31 Acute appendicitis
- F32 Adenocarcinoma of rectum
- F33 Mucoadenocarcinoma of caecum
- F34 Perforated appendicitis
- F35 Rectal carcinoma
- F36 Mesenteric lump hamartoma
- F37 Submucous lipoma

GLIVER, GALL BLADDER & PANCREAS

- G02 Cyst of liver
- G04 Cirrhosis of liver
- G05 Subacute massive necrosis
- G06 Liver abscess
- G07 Primary liver cell carcinoma with cirrhosis
- G09 Biliary atresia
- G11 Gall bladder stones
- G12 Gall stone with paralytic ileus
- G13 Gall stone with chronic cholecystitis
- G14 Liver cirrhosis (Micronodular)
- G15 Large duct obstruction – carcinoma of common bile duct
- G16 Calculi along the pancreatic duct and common bile duct
- G17 Chronic cholecystitis with acute exacerbation
- G18 Gall stones
- G19 Papillary adenocarcinoma of the ampulla of vater
- G20 Gall stones

H SPLEEN AND LYMPHNODES

- H01 Rupture of spleen
- H02 Massive enlargement of the spleen
- H03 Hereditary spherocytosis
- H04 Axillary lymph node with sinuses-TB
- H05 Thymoma (mediastinum)

I KIDNEY

- I01 Wilms tumour

- I02 Hydronephrosis (Functional)
- I03 Stones in the kidney with pyonephrosis
- I04 Wilms tumour
- I05 Papillary necrosis
- I06 Congenital medullary sponge kidney
- I07 Lymphosarcomatous deposits
- I08 TB Kidney
- I09 Urinary bladder stone
- I10 Pyonephrosis with stone
- I11 Congenital abnormality with uterus and bladder blind ended ureter
- I12 Carcinoma of bladder with lymph nodes
- I15 Hydronephrosis with neurogenic obstruction at the pelvi ureteric junction
- I17 Nephroblastoma
- I18 Hydonephrosis
- I19 Renal calculi with acute pyelonephritis
- I20 Chronic pyelonephritis
- I21 Hydronephrosis
- I22 Nephroblastoma
- I23 Septicaemia with renal abscess
- I24 Chronic pyelonephritis
- I25 Phynephrosis
- I26 Polycystic disease of kidney
- I27 Hypernephroma
- I28 Hypernephroma
- I29 Adenocarcinoma of the prostate
- I30 Renal calculi

J FEMALE GENITAL SYSTEM

- J01 Ectopic pregnancy
- J02 Hydatidiform mole
- J03 Myoma showing red degeneration
- J04 Myoma
- J05 Uterus with IUCD
- J06 Benign cyst of ovary
- J08 Uterine tear
- J09 Twisted ovarian cyst
- J10 Malignant ovarian cyst
- J11 Mucinous cystadenoma of ovary
- J12 Malignant ovarian cyst
- J13 Hydatidiform mole
- J14 Twisted tube
- J15 Myoma with cystic degeneration and red degeneration
- J16 Placenta
- J17 Intramural myoma

- J18 Carcinoma of the endometrium
J19 Malignant ovarian tumour
J21 Liomyoma
J22 Bicornuate uterus
J23 Adenocarcinoma of the endometrium
J24 Submucosal fibroid
J25 Hydatidiform mole
J26 Ectopic pregnancy
J27 Hydatidiform mole
J28 Endometrial sarcoma
J29 Ectopic pregnancy
J30 Ruptured tubal pregnancy
J33 Benign ovarian cyst wall
J34 Disgerminoma of ovary
J35 Theca-granulosa cell tumour
J36 Ovarialdermoid cyst
J37 Ovarialdermoid cyst
J38 Least common form of twin placentation (fetus compressus)(fetus papyraceous)
J39 Placenta of a uniovular triplet
J40 Conjoint twin with single umbilical cord
J41 Conjoint twin with single umbilical cord
J42 Twisted ovarian cyst (Teratoma)
J43 Twisted ovarian cyst
J44 Hydatidiform mole
J45 Multiple ovarian cyst
J46 Carcinoma of the corpus (endometrium)
J47 Retained placenta
J48 Utrine rupture due to previous scar (scar dehiscence)
J49 Clear cell adenocarcinoma of uterus infiltrating myometrium
J50 Carcinoma of cervix
J51 Dysgerminoma of ovary
J52 Endometriosis of uterus
J53 Ruptured ovarian cyst
J54 Chorion epithelium
J55 Twisted ovarian cyst
J56 Ovarian fibroma of the brennertype”Brennertumour”
J57 Carcinoma of corpus uterine
J58 Fibromyoma of uterus with red degeneration
J59 Fibromyoma of cervical polyp
J60 Ectopic gestation
J61 Adenocarcinoma of ovaries
J62 Eccentric insertion of cord with knot
J63 Adenomyosis
J64 Pyosalphingitis

- J65 Ruptured uterus
- J66 Submucousfibromyoma
- J67 Fibromyoma of ovary

K MALE GENITAL SYSTEM

- K01 Haematocoele
- K02 Carcinoma of penis
- K04 Torsion of the testis
- K05 Carcinoma of penis
- K06 Scrotal limbs with calcifications
- K07 Testicular teratoma
- K08 Carcinoma of penis
- K09 Bilateral cysts of epididymis
- K10 Seminoma of testis
- K11 Teratoma of testis causing elephantiasis of scrotum and penis
- K12 Seminoma / Dysgerminoma
- K13 Testicular teratoma

L BREAST

- L01 Carcinoma of breast
- L02 Carcinoma of breast with lymph node
- L03 Carcinoma of breast
- L04 Fibroadenoma of breast
- L05 Giant fibroadenoma of breast
- L06 Carcinoma of breast
- L07 Carcinoma of breast
- L08 Fibroadenoma of breast

M BONES

- M03 Chondrosarcoma
- M04 Osteosarcoma
- M05 Osteosarcoma
- M06 Healing fracture
- M07 Giant cell tumour
- M08 Intra osseous hemangioma

N SKIN

- N01 Malignant Melanoma
- N02 Squamous carcinoma of skin with amputated limb
- N03 Squamous carcinoma of skin of sole
- N04 Squamous cell carcinoma of skin grade 1

O ENDOCRINE ORGANS

- O01 Nodular goiter of thyroid

O02 Nodular goiter of thyroid

O03 Toxic goitre

O04 Colloid goitre of thyroid

P MISCELLANEOUS

P01 Carcinoma of mucosa of the mouth

P02 Embryo with sac

P03 Carcinoma of mucosa of the mouth

P04 Lipoma

P05 Salivary gland tumour-mixed parotid tumour

P06 Gangrene of fingers

P07 Anencephaly

P08 Siamese twin

P09 Synovial sarcoma

P11 Retroperitoneal tumour

P12 Pleomorphic adenoma

P13 Carcinoma of vocal cord

P14 Pleomorphic liposarcoma

P15 Squamous cell papilloma of hard palate

P16 Gout-tophus

P17 Neurofibroma arising from ulcer nerve sheath

P18 Mucoepidermoid tumour of paratoid gland

P20 Dermoid tumour

P21 Preterm baby

P22 Preterm Turner baby

P23 Uniovular quadruplets
